

**STATE OF CALIFORNIA
REGIONAL WATER QUALITY CONTROL BOARD
CENTRAL COAST REGION**

STAFF REPORT FOR REGULAR MEETING OF July 14, 2011

Prepared on June 8, 2011

ITEM NUMBER: 11

SUBJECT: Rescind Waste Discharge Requirements for Los Osos Community Services District, Los Osos Wastewater Facility, Order No. R3-2003-0007

STAFF CONTACT: David LaCaro 805/549-3892 or dlacono@waterboards.ca.gov

KEY INFORMATION

Facility Name	Los Osos Wastewater Facility
Facility Owner:	Los Osos Community Services District
Location:	Intersection of Ravenna Avenue and Los Osos Valley Road, Los Osos, CA 93402
Discharge Type:	Municipal/Domestic
Design Capacity:	1.4 MGD Annual Average
Treatment Type:	Tertiary (extended aeration process with nitrogen reduction followed by coagulation, filtration and disinfection), aerobic digestion of solids
Disposal:	Leachfields (subsurface infiltration)
This Action:	Rescind Order Order No. R3-2003-0007

DISCUSSION

The Los Osos Community Services District (LOCSO) proposed to construct a wastewater treatment project to serve the community of Los Osos. The Central Coast Water Board adopted waste discharge requirements (Order No. R3-2007-0007) for the LOCSO's proposed wastewater project on February 7, 2003. In 2005, the LOCSO stopped work on the proposed wastewater project. Subsequently, the County of San Luis Obispo took responsibility to construct the wastewater project. The Water Board adopted waste discharge requirements (Order No. R3-2011-0001) for the county's project in May 2011.

The LOCSO is no longer responsible for wastewater collection, treatment, or disposal. Therefore, Order No. R3-2003-0007 is no longer needed.

RECOMMENDATION

Rescind Order No. R3-2003-00007
