**CITY OF WILLIAMS**  
**WASTEWATER TREATMENT PLANT**

The City of Williams (Discharger) owns and operates a municipal wastewater treatment plant (WWTP) that provides sewerage service for a population of approximately 4,000. Secondary treated municipal wastewater is discharged to Salt Creek, tributary to the Colusa Basin Drain. The Discharger is continuing efforts to reduce effluent concentrations to meet final effluent limitations that become effective 1 October 2010 with construction of a tertiary treatment facility. The Discharger has requested additional time for compliance with intermediate milestones currently established in Time Schedule Order (TSO) No. R5-2007-0096. The proposed Resolution amends the existing TSO, solely to modify the intermediate compliance dates. The final compliance date of 1 October 2010 remains unchanged.
