Dear Mr. Yannotta:

FACILITATED PROCESS TO RESOLVE DIFFERENCES AMONG MONO LAKE
STAKEHOLDERS, DECISION 1631 - LICENSES ON APPLICATIONS 8042 AND 8043

On July 31, 2012, the Los Angeles Department of Water and Power (LADWP) informed the Division of Water Rights (Division) that the facilitated process continues to make progress towards resolution of disputes related to the feasibility of implementing the Synthesis Report. Thus, LADWP requested an additional 90-day time extension to October 30, 2012, for reaching agreement with the Parties and requested that the Division extend its deadline for submittal of the Feasibility Letter until that date, provided that any party may provide subsequent notice that the process is no longer productive in resolving such disputes. In that event, LADWP would submit its Feasibility Letter within 30 days after receipt of such notice. It is anticipated that the Division would then provide 60 days for the Parties to notify the Division of any disagreements with the Feasibility Letter.

The timeline established in the Division's November 1, 2010 letter is hereby modified in accordance with the timeline set forth above.

If you have any questions regarding this matter, please contact Katherine Mrowka at (916) 341-5363 or Greg Brown at (916) 323-1847. Written correspondence or inquiries should be addressed to either staff person at the following address: State Water Resources Control Board, Division of Water Rights, P.O. Box 2000, Sacramento, CA 95814.

Sincerely,

for James W. Kassel
Barbara Evoy, Deputy Director
Division of Water Rights
