Subject: "Save Salton Sea"

My husband and I have been going to Salton Sea for approximately 26 years and we've so many times heard about how Salton Sea would be saved. We hope this time something is done about it because it's a beautiful area with a lot activities available for the public.

Not to mention that it is a fragile wild life habitat that I would not like to see destroyed.

We actually own a home in Salton City and we would like to retired there.

Best wishes for Salton Sea.

Dave and Olga Riker
