Subject: "Comment Letter: The Salton Sea"

Attention: Jeanine Townsend - Clerk to the Board

Dear Ms. Townsend:

I live in Murrieta, CA and have gone to the Salton Sea since my youth in the early 1960's. It is such a beautiful and magical place...all of the birds, the water, the mountains...really a magnificent place. But that's not my main concern for saving the Salton Sea.

I am 58 years old, and have severe Chronic Obstructive Pulmonary Disease from a heredity disease. If we allow the water to continue to recede, exposing toxic dust to blow around, I am very concerned about the air quality.

There are many solutions, including routing water from the Sea of Cortez. I consider the Salton Sea a huge priority for the State of California.

Thank you.
